

Electroconvulsive Therapy (ECT) CHINESE

<https://phc.eduhealth.ca/en/permalink/phem3024>

Catalogue Number: CD.270.EI253.CN.PHC

Current Revision December-19-2013

Date:

Language: Chinese Traditional

Status: Available

Description: This is a patient instruction sheet relating to ECT for patients, families, or facilities.

This instruction sheet is provided for each treatment - our patients often have cognitive impairment and need reminders at each visit. As well, they have different family members escorting them and need to be aware of pre-post ECT care.

Format: Factsheet

Keywords: Electroconvulsant therapy
patient information

Reading Level: 7

Date Issued: December-19-2013
